

INVITATION TO EXHIBIT

October 29th 2009

You are cordially invited to exhibit your products and services at **RADIO SOLUTIONS 2010**, which is being held in the UK for the first time since 2002. The LPRA is delighted to have secured Robinson College for the venue, with its excellent facilities for events such as this. Planning is well underway and the choice of Cambridge this year should prove a popular one for delegates.

The exhibition will be held in the college's large dining hall, which is close to the conference auditorium. Coffee breaks and delegate lunches will be within the dining hall adjacent to the exhibition area (see floorplan attached), giving maximum exposure for exhibitors.

Lower prices!

A standard 3 x 1.5m space costs £1035 / €1130 (LPRA members) or £1350 / €1470 (non-members). These prices are for space only (no shell scheme) and are actually lower than those charged at the last Radio Solutions.

Flexibility!

Smaller or larger spaces (charged pro rata) can be provided on request, floorplan permitting. If you have special requirements please contact the organizer early and we will do our best to accommodate you.

Two free conference places!

Each exhibiting company is offered two free places at any of the conference sessions (excluding the Radio Design Workshop), making the cost of exhibiting cheaper still.

Company presentation slots – also free!

There are lounge suites available for company presentations in 20-minute slots outside the conference sessions, and if you book before Christmas there is no charge to exhibitors.

Sponsorship opportunities!

More opportunities to reach potential customers include sponsoring delegate bags, conference materials, posters, etc. Further information on these and other opportunities will be communicated to exhibitors in the run-up to the event.

Jesus College dinner

The Upper Hall at Jesus College, which boasts some of the oldest buildings in Cambridge, has been booked for a speakers' dinner on June 3rd. Numbers are limited, but we will be offering exhibitors the chance to take up spare places.

To reserve your stand space please indicate your choice on the booking form and return to stella@stiegeler.f2s.com (or fax +44 (0)1422 886463).

We look forward to welcoming you to Radio Solutions 2010.
